## SOLDIER'S PETRIFIED BODY FOUND IN MINE

Charles Johnson Had Been Missing Since 1918.

SISTER, MRS. STELLA BENEDICT, AT GALION

News of Discovery Comes in a Letter from French Girl to Milford Center Man.

The petrified body of Charles Johnson, American soldier who was lost in France and who has a sister in this city, was found in an abandoned mine at Forchambault, France, late in March, according to a French newspaper which has reached this country, says Wednesday's Galion Inquirer.

The body was discovered in a pit filled with coal, where it had evidently been covered by the coal since he disappeared in 1918. The body was identified by a letter addressed to "Charles Johnson, private C. N. 198, American Expeditionary Forces, R. R. 208, France," signed by a unnamed young lady, whose first name is "Ernestine," which letter was found in a pocket of the uniform.

Investigation Being Made.

An investigation as to the cause of death is being made in France. News of the finding of the body came in a clipping sent by a young French girl to Ralph O. Clark, of Milford Center, who served overseas.

Johnson is survived by his parents, Mr. and Mrs. Charles Johnson, of Shelby, and by three sisters, Helen, at home; Mrs. Stella Benedict, of Galion, and Mrs. Blanche Riddle, of Crestline.

Discovered by Craneman.

According to the French paper the body was discovered by a crane operator on March 23, while delving in the coal pit with a pick.

The last heard of Johnson was while he was operating a crane at a mine near Forchambault. The information which came back home was to the effect that he was returning from another city on foot with two soldier companions when he fell into an abandoned mine and was lost. His companions were unable to rescue him and because the two were absent without leave they failed to report the occurrence, fearing they would be punished.

**SANDUSKY HOTEL**  
MAN IS KILLED  
Falls from Third-Story Window  
of His Hotel.

Sandusky, April 21.—Edward F. Reiger, forty, owner and manager of Hotel Reiger, Sandusky's leading hotel, died this morning, at 8 o'clock, following a fall from a third-story window of his hotel, shortly before daylight this morning.

Reiger, in his nightshirt, was found on the sidewalk below an open window three stories above. How he happened to fall is not known, but it is supposed that he was walking in his sleep. The police are investigating.

When Hotel Reiger was in course of construction, six years ago, Reiger fell three stories with a mechanical elevator. He was badly injured and was in a hospital for many weeks.

**NEW MEASURE IS INTRODUCED**  
Provides for a New Taxation Plan in Ohio.

**OPPOSING FACTS**  
JOIN IN FRAMING BILL  
Action by House and Senate Expected Before Boltons Close Present Session.

Columbus, April 21.—A new taxation measure has been introduced in the house.

Chairman Fouts, of the special house-taxation committee, made up of three uniform-tax-rate advocates and three supporters of modified classification of property for taxation purposes, introduced a resolution proposing that Ohio voters, next November, adopt an amendment to the state constitution providing that:

Laws shall be passed, taxing by uniform rate all money, credits, investments in bonds, stocks, joint stock companies, or otherwise, according to their true value in money, without any deduction on account of doubt and to an aggregate rate of not less than five mill; and that all other property, real and personal, except as otherwise provided in this article, shall be taxed by a uniform rate, according to its true value in money."

It is planned to refer the Fouts resolution to the house taxation committee which, in turn, will recommend its adoption by the house. Time for the senate to adopt it before sine die adjournment:

If the proposed amendment is adopted at the November election, the legislature will meet here in special session, next January and enact tax laws in conformity with the new amendment.

**Bill Delayed.**

After substantially riddling the bills by Representative Graham, Muskingum county, chairman of the house elections committee, providing for recodification of the election laws, the house complied with the urgent request of the author that further consideration of the measure be deferred until today's session.

When the bill came up for passage, at a session held after supper last night, rural and city objectors to numerous provisions in the measure aided each other in passing a mass of amendments.

With the cooperation of Statistician Johnson, of Secretary of State Smith's office, and George F. Shantz, clerk of the Stark county election board, the senate and house elections committee worked on the bill from the time the session began, last January. It was reported out by the house elections committee, a few days ago.

The most prominent provision taken from the bill by the city-rural objectors was that providing for continuous registration.

The bill also provides for four deputy state supervisors in counties containing more than 150,000 inhabitants and two members in all other counties.

The house is asked to concur in the action of the senate in passing the Kumler bill, providing for direct election by the people of members of county school boards and for abolition of district superintendents and the McCoy bill, providing for the creation of rural library districts, levying a tax of 2-10 of a mill and creating a state board of library examiners.

The Werner bill, having passed both the senate and house, goes to the governor. It provides for compensation, under the workmen's compensation act, for workmen suffering from occupational diseases, and for widows and children of workers who die because of such diseases.

# THE COLOMBIAN PACT RATIFIED

United States To Pay Colombia for Territory.

**AN ADMINISTRATION**

**VICTORY IS SCORED**

Treaty Receives Eleven Votes More Than Necessary to Ratification by Senate.

Washington, April 21.—The bond restriction bill drew sharp fire in the house, especially from New York, and was as vigorously urged by Chairman Johnson of the immigration committee and other representatives, who declared legislation to keep out undesirable immigrants necessary at this time.

While confident of its passage by a large majority, leaders conceded that it would not receive the overwhelming vote that a similar bill did at the last session.

Representative Cochran of New York declared the bill marked the renunciation and abandonment of the policy which had held the position of the United States in the civilized world. "This bill, if passed," Cochran said, "will extinguish the light of hope and progress throughout the world. You have here today plenty of speakers and rulers, but what you want is the decent immigrant to cultivate the earth. Under your restriction plan, no one may come hereafter unless he is a sailor, a soldier, a potential statesman or a scholar and a gentleman."

**Colombian Treaty Ratified.**

The senate ratified the Colombian treaty by a vote of 69 to 19, or 31 more than the necessary two-thirds majority. Both Ohio senators voted for the ratification. Fifteen Republicans and four Democrats voted against it.

The treaty grew out of the partitioning of Panama. It provides for the payment by the United States of \$25,000,000 to the South American republic, but has yet to be approved by the Colombian assembly.

The Hardin administration through ratification of the treaty, won its fight in the senate. The president, in a message to the senate March 9, recommended ratification as "very helpful at the present time in promoting our friendly relationship."

This recommendation was supported by Senator Lodge of Massachusetts, the Republican leader, who, in reply to attacks of Republican senators of the progressive group, declared ratification of the pact was "part of a great national foreign policy" contemplated by President Hardin "toward our neighbors in the southern and eastern hemispheres."

The Republican senators who refused to support President Hardin's policy were: William E. Borah, Idaho; Arthur Capper, Kansas; Hiram W. Johnson, California; Wesley L. Jones, Washington; Frank B. Kellogg, Minnesota; William S. Kenyon, Iowa; Robert M. La Follette, Wisconsin; Irving L. Lenroot, Wisconsin; Charles L. McNary, Oregon; Knute Nelson, Minnesota; Peter Norbeck, South Dakota; George Norris, Nebraska; Miles Pindexter, Washington; Charles E. Townsend, Michigan; and James W. Wadsworth, New York.

Democrats who opposed it were: Senators Nathaniel B. Dial, South Carolina; James A. Reed, Missouri; F. M. Simmons, North Carolina and Thomas E. Watson, Georgia.

**JOHN CASSELL, OLD ENGINEER, IS BURIED**

News of Death Received by Richwood People.

Mr. and Mrs. J. M. Cushman received a telegram Sunday announcing the death of John Cassell, aged seventy-six, of Cleveland. Mr. Cassell was a railroad engineer on the Pennsylvania lines between Columbus and Cleveland for forty years and he resided in the Capitol City until eight years ago. The body was shipped to Columbus, where funeral services were held at the Plymouth Congregational church, Tuesday afternoon at 2 o'clock. Deceased leaves his wife, Mary E. Cassell, and two sons, Perry E. of Erie, Pennsylvania, and James of Cleveland.—Richwood Gazette.

The Werner bill, having passed both the senate and house, goes to the governor. It provides for compensation, under the workmen's compensation act, for workmen suffering from occupational diseases, and for widows and children of workers who die because of such diseases.

**DISTRICT KIWANIS MEETING WILL BE HELD AT LIMA TUESDAY.**

Mayor Andrews Announces.

Mr. William H. Cameron, Pittsburg, medical director of the Radium Chemical company, told members of the Marion Kiwanis club the fairy story of radium at the weekly noon luncheon of that organization in the gray room at the Busy Bee cafeteria.

Dr. Cameron's talk consisted of a brief sketch of the history of the discovery of uranium by Becquerel in Paris in 1896 and of the discovery of radium by Madam Curie in Paris in 1898. Miss Curie, he said, is to be presented with a gram of radium by the women of America when she visits this country and said that although this may sound like a very small gift it is valued at \$120,000.

**Leave It to Irish.**

"It remained for an American, an Irishman, to put the production of radium on a commercial basis," Dr. Cameron said. "It is the man who put vanadium steel on the market. At the present time there is being produced in Pittsburgh two grams of radium a month, which is ninety per cent. of the production of the entire world." Dr. Cameron said that radium can be used for 30,000 years and still retain some of its radioactivity.

Dr. Johnson, secretary of the Findlay club, extended an invitation to the members of the Marion club to attend the inter-city meeting in May 3.

He said there are to be five district inter-city meetings on that date and a set program has been prepared for them, to last until 9:15 o'clock. He promised an excellent program of entertainment for the visitors and said the Findlay club expects thirty-five or forty Marionites to attend.

**Other Findlay Visitors.**

Other visitors from the Findlay club were George Connel, Emerson Blackford, Charles F. Smith and Joe M. Schaefer. Mr. Schaefer extended an invitation to the entire club to attend the inter-city meeting in Findlay. Several members signed their intention to furnish cars to make the trip to Findlay and it was decided that the men making the trip will meet at the Hotel Marion at 8 o'clock on the afternoon of May 3.

Paul F. Markert and R. T. Want were awarded today's "silent boost," which consisted of an order for a made-to-order magazine rack or telephone stand by the Marion Lumber company and the varnishing of the article by C. M. Stull.

Members of the Kenton and Upper Sandusky organization committee met after the luncheon to arrange to visit those cities to form clubs there.

Mayor T. E. Andrews announced that a meeting of the district trustees will be held at Lima next Tuesday, when the question of delegations to the Kiwanis International convention at Cleveland in June will be taken up. O. O. Matrik, president of the Delaware Kiwanis club, was a guest at the luncheon.

Mr. Jesse Swank and Rev. M. L. Buckley, who expected today to go to Cincinnati for a conference with Billy Sunday to arrange a date for the evangelist to visit Marion, were unable to go on account of important engagements. It is thought the trip will be made some time next week.

**Three Are Killed.**

Buffalo, New York, April 21.—Three men were instantly killed and another seriously injured yesterday, when a Lehigh Valley locomotive blew up near the town of Victor.

William Stoot, of Meeker, who underwent an operation at the City hospital, was removed Wednesday to the home of his grandparents, Mr. and Mrs. A. P. Rhoads, of south High street.

Troop No. 6, Boy Scouts, enjoyed a bike to Indian mound Wednesday evening. Following the supper time was passed with games and practice for drills.

**BASEBALL**

Prospect Is Winner.

The Prospect High school baseball team and the Green Camp team of the county high school league played at Green Camp, Wednesday afternoon, the Prospect team winning by a score of eleven to eight. The score was close throughout and made the game exciting for a number of spectators for both teams.

Here's good news, ladies! For  
the first time in the history of the  
famous "House of Schweizer" they  
are reducing their prices 1-3, 1-4  
and even 1-2! This famous maker  
needs no introduction to those ladies  
to whom I have sold these wonderful  
garments! Absolutely exclusive in  
design, exquisite in workmanship,  
they are known among ladies of taste  
and discrimination as alone in their  
class! To be able now to buy  
these dresses at such remarkable  
reductions is indeed a rare opportu-  
nity! Nowhere will you find such  
dresses as these and such reductions!

COLUMBUS RAIL-LIGHT  
 COMPANY IS BLAMED

Van Diesen Submits Proposal as  
 to Clintonville Run.

The first association of the New York & Wednesday charged that day delay in connection with the Clintonville extension project is due to the Rail-Light company, says Wednesday's Columbus Citizen.

Willard E. Benoy, president of the extension, made this statement in a letter to President C. L. Kurtz of the Rail-Light:

Before told Kurtz that A. F. Van Diesen of Marion, general manager of D. & M. Traction line, had given him, Benoy, the impression that negotiations for the traction line extension had ended satisfactorily.

Van Diesen said, according to Benoy's letter, that he had sent a copy of the contract agreement to Kurtz April 6 and that the latter returned it with the statement that it was "satisfactory."

Kurtz's latest communication to City Attorney Leach, in reply to Leach's query on the extension, gave the information the company was making "progress" and that settlement might be a matter of "days or weeks."

Asked Wednesday if the C. D. & M. contract had been signed by him, Kurtz replied:

"If the contract hadn't been satisfactory, it would hardly have been returned as it was, would it?"

Kurtz refused to indicate another his company would begin at once to make the extension.

AGREED! MAY NOT BE  
NAUTICAL OR NAUGHTY

But There's Sure Something  
Nutty About This.

Shh! aboy! That's a nautical, not a naughty term.

There may be something nautical about divers things, but there is nothing naughty about this, and besides, there is always much to be thankful for, ain't there now?

If it isn't the glory of the sun-shine, it's something else. Anyhow, the Star's star weather-observing young reporter is so thankful that he isn't blind, or near-sighted or far-sighted, in these happy days, not of recollection, but of fruitful promise.

Yeh, there are so many and sundry things to be honestly thankful for.

Yesterday afternoon as the Star's star weather-observing young reporter stood on a street corner observing for today's weather, he saw a girl fit by with a butterfly on the side of her hose and a dragon-like looking thing to the back-like, ya know!

The weather-observing young reporter was not able to get close enough to see whether the butterfly and dragon were painted on the lovely silk hose or whether they were worked in it or stamped on it. Anyhow, the whole thing seemed to be a sure sign of rain, for it rained like the deuce last night, and the sky was overcast today, but as the clouds hung low and the sun was hidden, the birds sang anyway because they knew the April sun was shining some here and rapidly pushing his way to summer.

William Patterson Musgrave, twelve-year-old son of Mr. and Mrs. Luther F. Musgrave, No. 273 Franklin Avenue, died from Inflammatory rheumatism, Wednesday night at 10:15 o'clock, following an illness of four weeks.

The lad was born in this city October 18, 1908, and is survived by his parents, a sister, Virginia, aged four years, and a half-sister, Mrs. Clarence Irick.

Grand Prairie Farm Bureau. A special meeting of the Grand Prairie Township Farm Bureau was held Wednesday evening in the Grand Prairie Centralized school. S. B. Stowe, county farm agent, conducted a discussion on corn root rot and livestock marketing. Milton Morral was named chairman of the boys' and girls' club committee, Depew Head, chairman of the crops committee, and Rollin Leaper, chairman of the swine committee.

Try This for Indigestion. Foley Cathartic Tablets are just the thing for headache, biliousness, bloating, gas, bad breath and other symptoms of indigestion. Mrs. H. J. Marchard, 36 Lawrence St., Salem, Mass., writes: "I used Foley Cathartic Tablets for constipation with good results. I will never be without them." Sold everywhere—Adv.

Shoes at Auction. Buy your work, dress and boys' school shoes at less than pre-war prices at West Side Clothier's auction, Saturday, April 23. Afternoon and evening. Adv. 1.

### TOTAL ECLIPSE OF MOON EARLY FRIDAY

The eclipse will last forty-one minutes, it's said.

Marion folk may view a total eclipse of the moon if they want to stay up for it tonight.

The eclipse comes in the wee small hours Friday morning. The complete eclipse will begin at 2:24 a.m. and end at 3:07 a.m. Friday, lasting forty-one minutes.

The effect of the eclipse will last longer than that, however, for the moon will enter earth's shadow at 1:03 a.m. and leave it at 4:26 a.m.

During the eclipse, the moon may be entirely invisible or may appear to be just a beautiful dull, copper-colored disk, according to the cloudy or clear condition of the sunrise and sunset circle of the earth at the time.

This will be the last total lunar eclipse visible in the United States for about six years, according to Professor W. S. Elchelberg of the Naval Observatory.

### BASEBALL

#### Tagging the Bases.

Babe Ruth's second home broke up the pitching duel between Quinn and Russell. Bob Meusel's homer, with two on, helped considerably.

Hasty Harry and Rommel were battered badly by the Senators at Washington and Philadelphia lost its third straight.

Big Jim Barnes had to the rescue of the Giants at Boston in the eighth inning and saved the day.

Duster Maile was unable to get his benders working against Detroit. The Tigers drove him to the showers in the third inning and romped off with the scalps of the Cleveland Indians.

Big Ed Komenich drove in the winning run in the ninth inning at Philadelphia. His single sent Olson and Wheat across the plate for Brooklyn.

Rixey started the rally that won his game for the Reds against St. Louis when he singled to center.

The Pirates took the measure of the Cubs in a hard fought game. Timely hitting by Carey, Maranville and Cutshaw featured Pittsburgh's victory.

# New Spring Clothes

## The Favored Styles For Men and Young Men at Kleinmaier's—And at the Right Prices!

"THE MEN'S STORE" is doing the business this Spring—because "we have the goods," and the prices are right.

Every popular fabric, every wanted style—conservative, smart or exclusive—is represented in our showing.

For Young Men, the new Sports Styles are leading favorites, and "The Men's Store" is evidencing a marked leadership in our extensive showing of these handsome styles in many pleasing variations. Likewise our display of plain styles in smart single and double-breasted models in plain colors, herringbone, checks, etc., is without a peer. And every garment is rightly priced, at

\$25 \$30 \$35 \$40 \$45 \$50

### For First Communion and Other Dress Occasions!

"THE BOYS' STORE" is busy supplying the well-dressed lads of Marion with appropriate apparel for the season.

The popular and stylish blue serge—of Kleinmaier standard all-wool quality—is being shown in the smartest new Spring models at

\$10 to \$18.50

## KLEINMAIERS

CENTER AND PROSPECT STS.

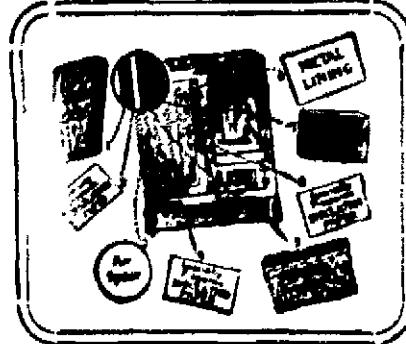

"Marion's Greatest Store for Men and Boys."

Radnor Pastor Called. —ector of the Congregational church of Rev. Mr. Harris, of Radnor, has Newport, Kentucky, but has declined been extended a call to become pastor and will remain at Radnor

### Hats, Shoes, Furnishings!

OUR windows are constantly showing the new things. You'll find the smart accessories that give that well-dressed look ready for your selection at Kleinmaier's.

### The Automatic Refrigerator!

Automatic Refrigerators have an eight-wall construction with honest insulation. They don't put "the best on the outside" in building Automatics. The interior work, although where it can not be seen, is there, just as the cut shows.

Call at Schaffner's and ask the salesman to explain why all this extra labor in building a Refrigerator with honest insulation. He will tell you "it's to save ice." Very well. Then ask him to explain how it saves ice.

In the sole or upper of a shoe, it will spoil your entire appearance. If it is remedied, let us do it for you and make your comfort fit well. No shoe or slipper will again without the hole. A real economy.

### JOHN SEIDER DIES AT UPPER SANDUSKY

Grandfather of the late Mrs. Fred Gehr.

John Seider, one of the oldest and most prominent men of Upper Sandusky, died at his home there Saturday morning at 8:30. Mr. Seider was the owner of one of the old Mrs. Price buildings on the corner of Main and State Streets. He was 85 years old. Mr. Seider was a grocer, and was a member of the Masons. He was a popular favorite among all, and was loved by all who knew him.

The good news from Marion is that the author of the day was Mr. L. T. Morris, expert trade editor of Becker & George's Marion paper, and the editor for the group of 115.
